

The Director of Central Intelligence

Washington, D. C. 20505

21 June 1985

Dear Mr. Vice President,

Pursuant to our telephone conversation this morning I enclose a memorandum of Talking Points for me to use with you in ascertaining whether you would be able to raise this matter in your visit to Paris. This will give you the background.

The next paper lists Talking Points which might be useful in your discussions in Paris.

The large document is the sanitized "White Paper" which we would like to make available so that our defense contractor will know what the Soviets are trying to get from them and something of how they go about it.

Yours,

William J. Casey
